## **IMPORTANT NOTICE TO ALL CLUBS**

### **Player behaviour and use of unacceptable language.**

The Club Circuit committee has recently discussed the issue of player behaviour and use of unacceptable language during matches conducted under our jurisdiction and rules.

The committee **expects and requires** all referees to actively apply sanctions as recommended at the 'Rules Accredited Player' (RAP) presentations.

These sanctions include 'Conduct Warning' and 'Conduct Stroke' but can include 'Conduct Game' or 'Conduct Match' in extreme cases.

The committee will not support any deviation from these conduct rules and referee expectations.

Clubs are requested to prominently display this notice and bring it to the attention of all players.
